Take the first step into the future

Scouting simply would not exist without the skills and enthusiasm of adult Leadership and support.

Whether you can spare two hours a week or a day a month, we need leaders, instructors, treasurers, administrators and volunteer managers and many others who share our aim of making life better for young people. You don't need to know everything about Scouting - we'll provide full training, induction and ongoing support. What matters is that you are committed have a sense of humour and a huge amount of common sense.
